## BROTHER HAS TWO SISTERS DYING OF A HUNGER STRIKE

FIERCER AND BLOODIER REVOLUTION FORESEEN BY PETER MACSWINEY

## UPRISING UNPARALLELED WILL BE WITNESSED ON PASSING OF TWO MARTYRS

(By United Press)  
New York, Nov. 25.—An Ireland swept by a fiercer and bloodier revolution than her troubled history yet has known, was foreseen today by Peter MacSwiney, whose two sisters are dying on hunger strikes in Dublin.

"My sister Mary, in Mt. Joy prison, is sure to die," MacSwiney said. "The shooting of Erskine Childers has decided her fate for it proves the English Free Staters will not release her. She has been without food for 17 days."

Annie MacSwiney, who like Mary, is a sister of the late lord mayor of Cork who died after a long self-inflicted starvation in an English prison, has been on a sympathetic hunger strike outside the walls of Mt. Joy prison. She collapsed and probably will die in a hospital Peter MacSwiney said.

An uprising such as the country has never before witnessed, will follow the "passing of these martyrs," MacSwiney predicted.

## Reprisals are Feared

Dublin, Nov. 25.—Swift and terrible reprisals for the execution of Erskine Childers, "brains behind the De Valera revolt" were avowedly feared by the Free State today, and extraordinary precautions were taken to meet any such moves.

Rebel attacks were made early this morning upon a dozen or more government posts about the city.

Capture of Eamonn De Valera will now be the objective of all Free State forces.

## SOFT DRINK PARLORS RAIDED IN ST. CLOUD

St. Cloud, Nov. 25.—Federal agents who swooped down on a half dozen "soft" drink parlors last night took three prisoners to Minneapolis this afternoon to be arraigned before U. S. Commissioner Edward Abbott.

John Kowalkowski resisted arrest when agents entered his place. Harley Paris, agent, who figured in a brawl in Rochester recently, is alleged by Mrs. Kowalkowski to have knocked her husband down with a pop bottle, and kicked him in the ribs twice while he lay on the floor. He said he suffered two fractured ribs.

Steven Maguire and William Koop were also arrested.

## NATIONAL GRANGE IS AGAINST SHIP SUBSIDY

Washington, Nov. 25.—The National Grange today lined up with opponents of the administration ship subsidy bill.

P. C. Atkeson, Washington representative of the Grange, placed before its members of congress a resolution adopted yesterday by the National Grange convention at Wichita, Kansas, pledging the organization to fight against the measure.

One million farmers, represented by the Grange, are pledged to fight President Harding's measure, Atkeson stated.

"Unalterable war" on the measure was declared by the resolution.

## BRILLIANT IDEA TO USE NEW COURT HOUSE GROUND FOR FILLING STATION

Where, oh where, has been the Rotary and the Lions clubs, the Parent-Teachers organizations, Brainerd Musical club, the Chamber of Commerce, the Women Voters League and every other civic organization of the city?

Imagine the proposition. After all the trouble and expense to get a decent new court house site with a dignified approach which did away with the old hay market square and a blacksmith shop, along comes some one and makes the county commissioners an offer of \$3,000 for the northeast corner of the square, 59 by 100 feet, corner of Fifth and Laurel streets.

The matter comes before the county commissioners at the December 16th meeting, following publication of a resolution in the legal minutes of the county commissioners. The town slept on the resolution because the description of the property to be sold was couched in legal terms, and no one, not even the Brainerd Dispatch, had until today paid any attention to it.

## The Resolution

Commissioner Dewing offered the following resolution and moved its adoption:

Whereas, William Nelson has this day made application in writing, desiring sale of certain real property owned by the County of Crow Wing, and described as follows to-wit:

The east fifty feet of Lots nine, ten, eleven and twelve, of block Sixty-five, in the Town, now a part of the City of Brainerd, in the County of Crow Wing and State of Minnesota.

Offering as a purchase price for said above described property the

sum of three thousand dollars, either in cash or on terms to suit the seller. Now Therefore be it Resolved, that Saturday the 16th day of December, 1922, at 3 o'clock p. m. at the office of the county board in said city of Brainerd, be and the same hereby is fixed as the time and place for considering such action and making such order as may be deemed conducive to the interests of the inhabitants of said County.

Which resolution being seconded by Commissioner Boppel was duly adopted, all members voting "Aye."

## Commissioner Dewing

It has been reported that Commissioner Dewing, of an economical turn of mind, had expressed himself to the effect that the court house grounds were too large.

As to whether Commissioner Boppel, in seconding the resolution, is of the same mind, is not known.

## Aesthetic Ideas Nil

The aesthetic ideas about the new court house site seem to have fallen in arid ground. Years ago Anton Mahlum first sensed the idea of a civic center and gradually Brainerd has grouped its court house, city hall, fire hall, etc.

With the building of the new court house came also the idea of the aesthetic side and after lengthy condemnation proceedings grounds were obtained, which like those of the state capitol at St. Paul, insure an unobstructed view of this beautiful structure.

And now after all this trouble, along comes some one with the idea of slicing away part of these valuable grounds and securing the same for a \$3,000 consideration and erecting thereon a filling station.

Tracing the handwriting, police arrested Mrs. Beards and placed a charge of attempting to murder against her. The two women are said to have quarreled recently.

The spacious church was filled with members of church and congregation and invited friends. Tables were set in the basement, transformed for the time into a huge

## Menu Served

The menu served included baked ham in delicious Southern style, mashed potatoes, cream gravy, creamed carrots, and peas, salad, cranberry jelly, pickles, bread and butter, apple pie a la mode, coffee.

## The Addresses

Rev. Adolph Paulson, pastor of the Swedish Baptist church, uttered grace.

Rev. Arthur C. Smith, pastor of the First Baptist church, welcomed church and congregation members and friends, extended greetings, and then introduced the toastmaster, Dr. John A. Thabes.

## Toastmaster's Felicitations

Dr. Thabes said he was appreciative of the honor conferred on him

DR. J. A. THABES  
Toastmaster at the 50th Anniversary Banquet

in being selected as toastmaster on such an auspicious occasion. Although not a regular church attendant, nevertheless he was one of the oldest in point of attendance, having

attended 40 years ago. Because of professional activity, there had been times when he had to neglect worship. In humorous manner he contrasted changes in church life, comparing the old days with the new.

## Rev. Arthur C. Smith

He then asked Rev. Smith to say a few words and the latter spoke of the gallery of pictures accumulated and on display in the dining room which revealed many of the oldest members of the church. He paid a tribute to the church pioneers of a half century ago from whose lives and example there radiated a wonderful influence.

Church members unable to attend the anniversary celebration had written letters. Mr. and Mrs. Stoner and others wished to be remembered.

A reminiscent letter, full of deep sentiment, was that of Dwight A. Potter of St. Paul. The latter wrote in part:

"Your kind and urgent invitation to be present at the 50th anniversary of the First Baptist church of Brainerd received.

"And it is with sincere regret that I advise you of my inability to be present.

"Tis with pleasant memories that I look back over the years 1881 to 1892, spent in Brainerd. The First Baptist church being my spiritual birth place under the splendid preaching of Uncle Boston Smith and uniting with the church in the early eighties and worked under the leadership of Rev. J. A. Wilkins, Regan Bronson and Jenkins.

"Memory recalls the names of some of those who were ardent workers for the Baptist cause in Brainerd in the early days. Among those are my own dear mother, long since gone to glory; Mrs. Shoop, Mrs. Cressey, Mr. and Mrs. Blake, Mrs. Carlton, Mrs. Burton, Mr. and Mrs. Pennell, Mr. and Mrs. Randolph, Mr. Babcock, Mrs. Riggs and Carrie, Mr. and Mrs. Stillman; the Thabes families, J. M. Hayes, Mr. Angel, Arthur Percy, Joseph Childs, Charles Nichols and many others whom memory does not recall.

"To all the brethren of the old Brainerd church of today I send you greetings and bid you God speed in the Master's work as carried on by the great Baptist denomination through its various churches."

## Rev. Arthur J. Hansen

Rev. Arthur J. Hansen of Minneapolis also paid a tribute to the devotion, faith and prayers of the pioneers of the church. There looked down from above a great cloud of witnesses, men and women of the early church. They were gone from earthly bounds, but were with the church of today in spirit.

Not a prayer or song is ever lost. It leaves its influence somewhere. He laid emphasis on the educational changes in the church, and urged that more responsibility be placed on the shoulders of the younger people so as to get them interested heart and soul in church work.

## Rev. John H. McLean

Rev. John H. McLean, pastor of Calvary Baptist church, Minneapolis, gave a wonderfully inspiring address.

Fifty years ago in Brainerd earnest men and women loved their church, its cause and their community enough to pool their spiritual resources to organize a church. Nearly all the time that any one has been in Brainerd there has been here the influence of God as expressed in a church.

He brought greetings from Calvary church of Minneapolis, a younger sister of Brainerd, for Calvary church is 40 years old.

He dwelt on the influence of the church in general, on the lives of men and the community they lived in and in graphic manner painted a city where faith was supreme.

The greatest growth in industry in this world came not when steam was developed, when electricity was harnessed, when great buildings were reared, but when men grew to trust each other. Character was the foundation in churchly life and in business too. The character of the men

## BATTLE BETWEEN HALFBACKS TODAY

MINNESOTA AND MICHIGAN REPORTED WEAKENED BY INJURIES

(By United Press)  
Minneapolis, Nov. 25.—A battle between the halfbacks—the great Martineau of Minnesota and the famous Kipke of Michigan—was the big feature of the Gopher-Wolverine fray today.

It was clear and around 20 above.

With both teams weakened by injuries, the weather colder than football weather should be, there was little likelihood that either team would be at its best. Football fans disregarded betting and said it all depends on the breaks.

Michigan brought the famed little brown jug from Ann Arbor—trophy of the two teams. They took the jug from Minnesota last year. Today is the third football battle between the schools.

Captain Goebel, Michigan star right will not play, and Fred Oser, plucky Minnesota fullback will be out because of tonsillitis.

The other tiger, Georges Clemenceau of France, was expected to pep up proceedings if the game became dull.

## CHICAGO MAYOR IS 'BOOED' AT SHRINER MEETING FRIDAY

ILLUSTRIOUS POTENTATE WADE CHARGED HIM WITH FAVORITISM

LET OTHER LODGES, AND NOT MASONS, CONDUCT BAZAAR LOTTERIES

(By United Press)  
Chicago, Nov. 25.—Mayor William Hale Thompson attempted to defend his administration of the affairs of Chicago before the 4,000 fellow Shriners last night, and was "booed" and hooted until forced to stop his speech.

In an address following a ceremonial Illustrous Potentate Will H. Wade charged the Thompson administration with taking an unfair attitude toward Masonic organizations in connection with lotteries conducted at bazaars. He cited instances and showed photographs of selling of lottery numbers and operation of the wheel at bazaars conducted by other organizations, while he told of the attitude of the administration not allowing use of similar means of raising funds at Masonic affairs.

Mayor Thompson took the stage and attempted to defend his administration.

"If there is any gambling in the city of Chicago before God I know nothing of it," he shouted.

A din of cat calls and a chorus of hooting came from the hall and the mayor was forced to leave the stage.

## REFUSED TO WED HIM AFTER DIVORCE

(By United Press)  
Waukegan, Ill., Nov. 25.—A man who said he was Professor John P. Tiernan, recently involved in a divorce and paternity suit in South Bend, Indiana, applied to Justice Robert J. Pearsall here for a license to marry.

He was accompanied by a woman of about 30, whose name was not learned.

Justice Pearsall refused the license because of the Illinois law which prohibits remarrying within a year after a divorce. The Tiernan divorce was granted Thursday.

"I was double crossed," she yelled and then collapsed. Mrs. Tiernan said she had been left without money or a home by the divorce. "He told me that if I would withdraw my suit for divorce and allow him to obtain a decree, it would satisfy the public, and then we would go to another city and be re-married," Mrs. Tiernan said.

"I was very foolish not to suspect the truth. I knew he had been corresponding with a girl named Blanche, but had no idea he would marry her."

Mrs. Tiernan hired an attorney to push her action to have the divorce decree set aside.

### BRILLIANT IDEA TO USE NEW COURT HOUSE GROUND FOR FILLING STATION

Where, oh where, has been the Rotary and the Lions clubs, the Parent-Teachers organizations, Brainerd Musical club, the Chamber of Commerce, the Women Voters League and every other civic organization of the city?

Imagine the proposition. After all the trouble and expense to get a decent new court house site with a dignified approach which did away with the old hay market square and a blacksmith shop, along comes some one and makes the county commissioners an offer of \$3,000 for the northeast corner of the square, 50 by 100 feet, corner of Fifth and Laurel streets.

The matter comes before the county commissioners at the December 16th meeting, following publication of a resolution in the legal minutes of the county commissioners. The town slept on the resolution because the description of the property to be sold was couched in legal terms, and no one, not even the Brainerd Dispatch, had until today paid any attention to it.

#### The Resolution

Commissioner Dewing offered the following resolution and moved its adoption: Whereas, William Nelson has this day made application in writing, desiring sale of certain real property owned by the County of Crow Wing, and described as follows to-wit:

The east fifty feet of Lots nine, ten, eleven and twelve, of block Sixty-five, in the Town, now a part of the City of Brainerd, in the County of Crow Wing and State of Minnesota.

Offering as a purchase price for said above described property the

sum of three thousand dollars, either in cash or on terms to suit the seller. Now Therefore be it Resolved, that Saturday the 16th day of December, 1922, at 3 o'clock p. m. at the office of the county board in the county court house in said city of Brainerd, be and the same hereby is fixed as the time and place for considering such action and making such order as may be deemed conducive to the interests of the inhabitants of said County.

Which resolution being seconded by Commissioner Boppel was duly adopted, all members voting "Aye". Commissioner Dewing. It has been reported that Commissioner Dewing, of an economical turn of mind, had expressed himself to the effect that the court house grounds were too large.

As to whether Commissioner Boppel, in seconding the resolution, is of the same mind, is not known.

#### Aesthetic Ideas Nil

The aesthetic ideas about the new court house site seem to have fallen in arid ground. Years ago Anton Mahlum first sensed the idea of a civic center and gradually Brainerd has grouped its court house, city hall, fire hall, etc.

With the building of the new court house came also the idea of the aesthetic side and after lengthy condemnation proceedings grounds were obtained, which like those of the state capitol at St. Paul, insure an unobstructed view of this beautiful structure.

And now after all this trouble, along comes some one with the idea of slicing away part of these valuable grounds and securing the same for a \$3,000 consideration and erecting thereon a filling station.

"To all the brethren of the old Brainerd church of today I send you greetings and bid you God speed in the Master's work as carried on by the great Baptist denomination through its various churches."

#### Rev. Arthur J. Hansen

Rev. Arthur J. Hansen of Minneapolis also paid a tribute to the devotion, faith and prayers of the pioneers of the church. There looked down from above a great cloud of witnesses, men and women of the early church. They were gone from earthly bounds, but were with the church of today in spirit.

Not a prayer or song is ever lost. It leaves its influence somewhere. He laid emphasis on the educational changes in the church, and urged that more responsibility be placed on the shoulders of the younger people so as to get them interested heart and soul in church work.

#### Rev. John H. McLean

Rev. John H. McLean, pastor of Calvary Baptist church, Minneapolis, gave a wonderfully inspiring address.

Fifty years ago in Brainerd earnest men and women loved their church, its cause and their community enough to pool their spiritual resources to organize a church. Nearly all the time that any one has been in this world there has been here the influence of God as expressed in a church.

He brought greetings from Calvary church of Minneapolis, a younger sister of Brainerd, for Calvary church is 40 years old.

He dwelt on the influence of the church in general, on the lives of men and the community they lived in and in graphic manner painted a city where faith was supreme.

The greatest growth in industry in this world came not when steam was developed, when electricity was harnessed, when great buildings were reared, but when men grew to trust each other. Character was the foundation in churchly life and in business too. The character of the men

### LAUSANNE PARLEY ARRIVES OPENLY AT A SETTLEMENT

**TO ESTABLISH DEMILITARIZED ONE 30 KILOMETERS EITHER SIDE**

**OF TURKISH FRONTIER FROM BLACK SEA TO THE AEGEAN SEA**

(By United Press)  
Lausanne, Nov. 25.—The Lausanne conference arrived openly at its first settlement today.

Commission No. 1, one of three subdivisions of the conclave, agreed upon establishment of a demilitarized zone 30 kilometers on either side of the Turkish frontier from the Black Sea to the Aegean.

Bulgaria is provided with an outlet to the latter waters.

Ismet Pasha's delegation demanded guarantees against militarization of the neutral zone, but was told to wait until the entire subject could be discussed after the question of freedom of the straits had been settled.

With a representative of each nation present in the session, the commission speeded up their work.

#### America Wants Open Door Policy

Lausanne, Nov. 25.—Richard Washburn Child, American ambassador to Rome, who is sitting in as American observer in the Turkish Allied peace parley, served notice on the conference today that the United States demands the open door policy and commercial equality in all territorial settlements of the present conclave.

### BATTLE BETWEEN HALFBACKS TODAY

**MINNESOTA AND MICHIGAN REPORTED WEAKENED BY INJURIES**

(By United Press)  
Minneapolis, Nov. 25.—A battle between the halfbacks—the great Martineau of Minnesota and the famous Kipke of Michigan—was the big feature of the Gopher-Wolverine fray today.

It was clear and around 20 above.

With both teams weakened by injuries, the weather colder than football weather should be, there was little likelihood that either team would be at its best. Football fans disregarded betting and said it all depends on the breaks.

Michigan brought the famed little brown jug from Ann Arbor—trophy of the two teams. They took the jug from Minnesota last year. Today is the third football battle between the schools.

Captain Goebel, Michigan star right will not play, and Fred Oser, plucky Minnesota fullback will be out because of tonsillitis.

### 80,000 CROWD TO YALE-HARVARD GAME

(By United Press)  
Yale Bowl, New Haven, Conn., Nov. 25.—Muffled in heavy furs and steamer rugs, 80,000 persons jammed into the Yale Bowl this afternoon for the annual Yale-Harvard football classic.

The sun was shining brightly, but a fifty mile wind swept across the fields.

Two Tigers were scheduled to witness the game, one from Paris, and one from Princeton.

The full Princeton football team which conquered Yale and Harvard had its tickets for places in the stand to watch the Crimson and Blue fight it out to determine which was the better.

The other tiger, Georges Clemenceau of France, was expected to pep up proceedings if the game became dull.

### CHICAGO MAYOR IS 'BOOED' AT SHRINER MEETING FRIDAY

**ILLUSTRIOUS POTENTATE WADE CHARGED HIM WITH FAVORITISM**

**LET OTHER LODGES, AND NOT MASONS, CONDUCT BAZAAR LOTTERIES**

(By United Press)  
Chicago, Nov. 25.—Mayor William Hale Thompson attempted to defend his administration of the affairs of Chicago before the 4,000 fellow Shriners last night, and was "booed" and hooted until forced to stop his speech.

In an address following a ceremonial Illustrious Potentate Will H. Wade charged the Thompson administration with taking an unfair attitude toward Masonic organizations in connection with lotteries conducted at bazaars. He cited instances and showed photographs of selling of lottery numbers and operation of the wheel at bazaars conducted by other organizations, while he told of the attitude of the administration not allowing use of similar means of raising funds at Masonic affairs.

Mayor Thompson took the stage and attempted to defend his administration.

"If there is any gambling in the city of Chicago before God I know nothing of it," he shouted.

A din of cat calls and a chorus of hooting came from the hall and the mayor was forced to leave the stage.

### REFUSED TO WED HIM AFTER DIVORCE

(By United Press)  
Waukegan, Ill., Nov. 25.—A man who said he was Professor John P. Tiernan, recently involved in a divorce and paternity suit in South Bend, Indiana, applied to Justice Robert J. Pearsall here for a license to marry.

He was accompanied by a woman of about 30, whose name was not learned.

Justice Pearsall refused the license because of the Illinois law which prohibits remarriage within a year after a divorce. The Tiernan divorce was granted Thursday.

**Tiernan Married to Widow**  
Crown Point, Ind., Nov. 25.—John P. Tiernan, former professor of Notre Dame university, involved in a recent scandal suit, was married here today to Blanche Brimmer of Hansee, Iowa. She was married previously. She gave her age as 32 and said she had been a widow two years.

**Mrs. J. P. Tiernan Charges Trickery**  
South Bend, Ind., Nov. 25.—Charging trickery, Mrs. John P. Tiernan, whose husband was re-married at Crown Point today, declared she would bring court action to have their divorce set aside.

Mrs. Tiernan was indignant when informed of the marriage, and could not conceal her rage.

"I was double crossed," she yelled and then collapsed. Mrs. Tiernan said she had been left without money or a home by the divorce. "He told me that if I would withdraw my suit for divorce and allow him to obtain a decree, it would satisfy the public, and then we would go to another city and be re-married," Mrs. Tiernan said.

"I was very foolish not to suspect the truth. I knew he had been corresponding with a girl named Blanche, but had no idea he would marry her."

Mrs. Tiernan hired an attorney to push her action to have the divorce decree set aside.

### CLEMENCEAU TO SEE FOOTBALL GAME

(By United Press)  
Boston, Nov. 25.—With college yells dinning in his ears, Georges Clemenceau today departed for New Haven to root at the Yale-Harvard football game.

The Tiger's special car was attached to the football special. Football fans were parading, yelling and singing, and dancing preparatory to the game.

### PRAISES CHAMBER COMMERCE

Member Summer Resort Owners Association Grateful for Cooperation Accorded

To arouse interest in the Chamber of Commerce meeting of Wednesday night, and to obtain some good four-minute talks for the occasion, letters were sent, were not present at the requesting them to make short addresses on subjects important to the Chamber, and to criticize any action of the club that they felt needed criticism.

It is to be regretted that a number of those to whom such letters were sent, were not present at the meeting, nor did they answer this letter. Many, however, did attend the meeting, and gave some very excellent talks.

One individual, who could not be at the meeting, wrote his ideas of the Chamber of Commerce, and because his letter was not received in time to be read at the meeting, it is reproduced now as being of special interest to Dispatch readers. The letter is from Morris Seyferth, proprietor of the Silver Beach summer resort near Merrifield, and is as follows:

"I am in receipt of your kind invitation to attend your meeting Wednesday, November 22nd. Am very sorry I cannot be with you on account of another meeting in our community. I certainly would be glad to say a few words in a short talk if I could be present, both as a member of your honorable body and as a member of the Summer Resort Owners Assn. I am positive that my few remarks would be the sense of every member of our resort association.

"First of all, I wish to express my gratitude toward your honorable body and especially to your secretary for the great effort made during the past summer season in securing patronage for our resorts. It certainly sounds well, when tourists arrive with the remark: 'We are sent by the Chamber of Commerce of Brainerd'. The way we can be thankful to you besides in words is to satisfy our patrons in every respect, good service, fair prices, clean and sanitary hotels and cottages, and an unquestionable morality of them.

"As I mention sanitation, I wish to say that I understand that a movement is on foot to have the state legislature appropriate twenty thousand dollars for inspection of the tourist camps and summer hotels. I think this is a step in the right direction and I also think that the state should go a step farther and extend this inspection to summer cottages and their surroundings and locations. Good drinking water also has an important place at the summer resort.

"As I said before, I regret very much not being able to attend your meeting, but believe me when I say I will do everything in my power to keep up the good name of the Brainerd Chamber of Commerce and the Summer Resort Owners Association, and to help make the 'Playground of America' the best that it can be made and the special pride of Crow Wing county.

The Chamber of Commerce did a great deal toward promoting the tourist business in the Brainerd territory, and an even larger program

It certainly sounds well, when tourists arrive with the remark: 'We are sent by the Chamber of Commerce of Brainerd'. The way we can be thankful to you besides in words is to satisfy our patrons in every respect, good service, fair prices, clean and sanitary hotels and cottages, and an unquestionable morality of them.

"As I mention sanitation, I wish to say that I understand that a movement is on foot to have the state legislature appropriate twenty thousand dollars for inspection of the tourist camps and summer hotels. I think this is a step in the right direction and I also think that the state should go a step farther and extend this inspection to summer cottages and their surroundings and locations. Good drinking water also has an important place at the summer resort.

"As I said before, I regret very much not being able to attend your meeting, but believe me when I say I will do everything in my power to keep up the good name of the Brainerd Chamber of Commerce and the Summer Resort Owners Association, and to help make the 'Playground of America' the best that it can be made and the special pride of Crow Wing county."

The Chamber of Commerce did a great deal toward promoting the tourist business in the Brainerd territory, and an even larger program

will be planned for the coming season. With the experience of last year's campaign, the Chamber will be able to do even better next season. It is only from the past year's tourist influx that citizens of this city have come to a realization of the importance of the visitors annual migration and the need of encouraging an even larger number to spend their outings in this vicinity next year.

#### WELCOME RECEPTION

Accorded Family of Mr. and Mrs. Alfred Anderson in Minneapolis at Elim Baptist Church

The Dispatch is in receipt of a letter from Arnold E. Anderson, a former Brainerd boy, now employed by the Union Drug Co. of Minneapolis. He asks to have the address of the paper changed to 1323 Adams St. N. E. and adds that the Dispatch is the most welcome and popular paper he receives.

In Mr. Anderson's letter was included an account of a reception accorded the family upon arrival in Minneapolis. It is printed as follows:

Mr. and Mrs. Alfred Anderson and family, formerly of Brainerd, Minn. were accorded a reception at their home by the members of the Elim Baptist church and other friends. About sixty people were present.

A program was arranged which included speeches of welcome by Rev. Erlander, pastor of Elim church, Mr. Hagberg, also a former Brainerd resident and by several Minneapolis people. Mr. and Mrs. Anderson were given a royal welcome and received the many wishes for success and good fortune by their newly-made friends.

The Andersons left Brainerd about a month ago, moving to Minneapolis to join their son Arnold, who is engaged in the drug business there.

Appeal Addressed by Sisters of St. Benedict to Aid Sick and Poor on That Day

### WILL INVOKE GOD'S BLESSING

Institution Daily Called Upon to Care for Patients Entirely Destitute of Means and Friends

In an appeal addressed to friends, the Sisters of St. Benedict of St. Joseph's hospital state:

"Thanksgiving Day being the 'Donation Day' for our hospital, it gives an opportunity to our good friends to aid us in the cause of suffering humanity. We therefore earnestly appeal to your charity in behalf of the sick poor. We are daily called to care for patients who are entirely destitute of means and have no friends, and the result is a considerable financial strain upon our institution, besides the debt upon the building itself.

"Anything in the line of groceries, meats, eatables, bed clothes, night dresses, night shirts, as well as money, will be accepted with much gratitude.

"Invoking God's blessing upon you in our daily prayer, we remain, Yours very respectfully,  
SISTERS OF ST. BENEDICT"

#### TWO SEPARATE STORES

For the benefit of the people that don't know, we want it understood that the Perry Hardware Co. and the Northern Home Furnishing Co. are absolutely two different stores. E. H. Perry bought the Hardware and China departments of the Northern Home Furnishing Co., April 20, 1922, and rents 25 feet of floor space in the building. Perry has nothing to do with the furnishing department, or has O'Brien anything to do with the Hardware department, no more than if they were under separate roofs. In Chicago and New York city many stores are in the same building and owned by different men. O'Brien and Perry are the best of friends but wish this straight with the public.

**WELCOME RECEPTION**

Accorded Family of Mr. and Mrs. Alfred Anderson in Minneapolis at Elim Baptist Church

The Dispatch is in receipt of a letter from Arnold E. Anderson, a former Brainerd boy, now employed by the Union Drug Co. of Minneapolis. He asks to have the address of the paper changed to 1323 Adams St. N. E. and adds that the Dispatch is the most welcome and popular paper he receives.

In Mr. Anderson's letter was included an account of a reception accorded the family upon arrival in Minneapolis. It is printed as follows:

Mr. and Mrs. Alfred Anderson and family, formerly of Brainerd, Minn., were accorded a reception at their home by the members of the Elim Baptist church and other friends. About sixty people were present.

A program was arranged which included speeches of welcome by Rev. Erlander, pastor of Elim church, Mr. Hagberg, also a former Brainerd resident and by several Minneapolis people. Mr. and Mrs. Anderson were given a royal welcome and received the many wishes for success and good fortune by their newly-made friends.

The Andersons left Brainerd about a month ago, moving to Minneapolis to join their son Arnold, who is engaged in the drug business there.

Appeal Addressed by Sisters of St. Benedict to Aid Sick and Poor on That Day

**WILL INVOKE GOD'S BLESSING**

Institution Daily Called Upon to Care for Patients Entirely Destitute of Means and Friends

In an appeal addressed to friends, the Sisters of St. Benedict of St. Joseph's hospital state:

"Thanksgiving Day being the 'Donation Day' for our hospital, it gives an opportunity to our good friends to aid us in the cause of suffering humanity. We therefore earnestly appeal to your charity in behalf of the sick poor. We are daily called to care for patients who are entirely destitute of means and have no friends, and the result is a considerable financial strain upon our institution, besides the debt upon the building itself.

"Anything in the line of groceries, meats, eatables, bed clothes, night dresses, night shirts, as well as money, will be accepted with much gratitude.

For the benefit of the people that don't know, we want it understood that the Perry Hardware Co. and the Northern Home Furnishing Co., are absolutely two different stores. E. H. Perry has nothing to do with the furnishing department, or has O'Brien anything to do with the Hardware department, no more than if they were under separate roofs. In Chicago and New York city many stores are in the same building and owned by different men. O'Brien and Perry are the best of friends but wish this straight with the public.

**ERADICATING THE BARBERRY**

THE farmers of the Northwest will have the enthusiastic backing of all thoughtful people in the Northwest states in their request that congress make an adequate appropriation to be used in eradicating barberry plants. Experts in plant pathology, representatives of the Farm Bureau federation and of the rust prevention committee, are asking that an appropriation be made which will be large enough to allow the employment of an eradication force that will clean up the barberry plant in five of the Northwest states.

The barberry plant cannot be attacked in Wisconsin with any hope of subduing it at this time because of the vast number of plants in that state. In the states of Montana, Ohio and Indiana, where the plants have been exterminated there was no rust last year. This is clear evidence of the good that accrues from getting rid of this pest, and in the case of Montana the plants were removed as recently as 1921.

When evidence has been secured that anything is destructive of crops a real effort ought to be made to remove the cause or causes of destruction, and the efforts that are being made to secure an appropriation for this work will have the active backing of all those who have given thought to the destructive potency of this plant.

There is one other method by which food is wasted, a method that is employed by deliberate intent, that should be exterminated just as thoroughly as the leaders in the movement to exterminate the barberry plant expect to destroy it. Those who buy up fruit farms for the purpose of holding the crop, that it may rot while prices are kept up ought to be prevented from wasting food, just as completely as is the case when the barberry plant is destroyed. This is also true of those who dump water melons and empty milk into the lake so that the supply may be limited by this means and prices kept at a high level.

By all means possible, and at any expense commensurate with the advantage that will accrue, the barberry plant ought to be eradicated; but while interest is directed to this end, those who wilfully plan the destruction of foodstuffs should be dealt with quite as effectively. When the law of supply and demand is superceded by a carefully planned effort to destroy produce that prices may be kept at a certain point, those who plan such waste should have no more consideration than the barberry plant. The plant cannot be accused of using intelligence for destructive ends, yet, because it is a pest, however innocent, it must go. Organized waste, behind which there is human intelligence prostituted for financial gain, must also go. Neither the barberry plant, nor the distributing agency that destroys the foodstuffs of a people, have any right to work their destruction, whether that destruction be natural as in the case of the barberry plant or unnatural as in the case of the greedy distributor.

**REORGANIZATION OF FOREIGN SERVICE**

SECRETARY OF STATE CHARLES E. HUGHES has made public correspondence on the subject of reorganizing the foreign service. One recommendation made in pending legislation, which has the approval of the secretary of state, would amalgamate the diplomatic and consular services, and another would increase the pay of those who enter such service as representatives of the government of the United States.

Those who are critical of the present system, which determines that only those of independent means are able to take these positions, should be the most ardent champions of legislation that will, if passed, raise the salaries of such government servants. How a representative of this government must live as its servant in a foreign country is not his to determine. There are certain fixed standards, and to meet the demands made upon the purse by the fixed standards is impossible on the allowance made by the government of the United States.

However standards of life may be criticized, they are what they are or criticisms would not be called for, and after criticisms are forgotten the standards remain unchanged. Such positions as those of the diplomatic service demand that those who hold them, associate with people whose standards of living demand more of them than the salary that goes with the position. Self-respect, and respect for the nation represented, will not allow the foreign servant of his government to live as he would were he a private individual and not serving in a representative capacity.

**LAWS THAT ARE VIOLATED**

THERE are many violations of the 18th amendment and the Volstead law. Therefore wipe them out, or at least modify them, say many voters.

The law against murder is being violated every day in this country. By the same logic, repeal it.

The law against robbery, theft, banditry, assault, adultery and a few other prohibitions, are being ignored. Why not make a clean sweep of all laws that a lot of people think are hampering their liberty and independence?

Let's inaugurate a lawless era—let every individual do as he pleases—commit murder, make booze, slug his neighbor whom he does not happen to like, loot the banks, adopt free love, and accept the theory that the least government suits a whole lot of folks.

If that does not meet the approval of the readers they have their remedy. The greatest force in this republic is a courageous public sentiment.

The people of any neighborhood can drive out the moonshiners and bootleggers, and do it quickly and effectively, if they want to rid their community of an evil that debauches men and assaults women.

A more rigid enforcement would help, but there will never be a complete success of any law so long as there are people who break it.—St. Cloud Journal-Press.

State Canvassing Board

St. Paul, Nov. 25.—The state canvassing board will meet here next Tuesday to canvass the returns of the election.

On the outcome of the canvass depends whether Magnus Johnson, farmer-labor candidate, will ask for a recount of votes on the governorship.

Governor J. A. O. Prens, republican, on the face of unofficial returns, was re-elected by a plurality of about 10,000.

Representatives of the farmer-labor party have been casting about for possible irregularities in the election and Fred A. Pike, state chairman, declared he has evidence sufficient to justify further investigation.

In case a recount is asked three disinterested referees will be named and many assistants will be employed to recount ballots cast. Wherever irregularities are found corrections would be made.

The cost of a recount would be tremendous according to well versed politicians.

Henry Rines once contested the election of Governor Prens to the state auditorship. After a number of counties had been counted and there appeared to be no very great difference in the count, the recount was abandoned to save expense.

**Women in North Dakota Elections**

Fargo, Nov. 25.—Women figured prominently in North Dakota elections last week. Miss Nellie Daugherty, of Minot, and Mrs. Minnie D. Craig, of Esmond, won seats in the lower house of the legislature and will be the first women to sit in the august body in Bismarck. Divergent politics though will prevent their having the mutual solace of each other's proximity in the state house among the 111 mere men law makers. Miss Daugherty is an independent and Mrs. Craig a nonpartisan.

In Foster county Mrs. Alice Cole was elected county treasurer and Mrs. Lili Nelson clerk of courts. The same county, as did the majority of others, chose a woman county superintendent of schools. Miss Minnie J. Neilson was re-elected for the third term as state superintendent of public instruction.

The most unique contest, however, was that of a woman for sheriff in Bottineau county. The feminine contestant lost, Bottineau voters probably being doubtful as to the chivalry of placing in the enforcement office a woman in a border county where whiskey runners shoot to kill.

**Made Much from Poultry**

Fargo, Nov. 25.—Mrs. Stillman, of Valley City, poultry raiser, netted \$3.50 a piece from her flock of 50 hens during the past year, according to C. A. Barton, poultry specialist who is collecting statistics on poultry. About 40 poultry record farms will be established in the state this coming year.

Divergent politics though will prevent their having the mutual solace of each other's proximity in the state house among the 111 mere men law makers. Miss Daugherty is an independent and Mrs. Craig a nonpartisan.

In Foster county Mrs. Alice Cole was elected county treasurer and Mrs. Lili Nelson clerk of courts. The same county, as did the majority of others, chose a woman county superintendent of schools. Miss Minnie J. Neilson was re-elected for the third term as state superintendent of public instruction.

The most unique contest, however, was that of a woman for sheriff in Bottineau county. The feminine contestant lost, Bottineau voters probably being doubtful as to the chivalry of placing in the enforcement office a woman in a border county where whiskey runners shoot to kill.

Case of State vs Armstead and

## SHOP GUARDS ARE ON TRIAL

Claimed that Armstead and Howard  
Discharged Firearms in City  
Limits

In district court Saturday the case of the state against Peter Armstead and Ted Howard was brought to a close and went to the jury.

This is an interesting case, an appeal from the municipal court, and an outgrowth of the strike conditions. The defendants were employed by the Northern Pacific railway as guards on the shop property, and it is alleged that they discharged firearms within the city limits, thus violating the ordinances.

The witnesses called in the trial included former Chief of Police Charles Varner, James S. Meade, Alfred Fox, Carl Robins, Special Agent Ryan, Mrs. M. Trettel, Master Vernon White, 9 years of age, Mrs. Vernon White, his mother, and J. F. Elkins.

The defense admits the firing of a number of shots, but contend that this was done in the defense of railway property. It is said that a number of stones were thrown at guards, which provoked the shooting, and that the shots were fired in the air, not directed toward any one.

The jurors on the case are H. V. Flansberg, John Davis, W. H. Andrews, Fred Spencer, F. W. Markwardt, W. H. McIntyre, Frank Benjamin, Fred Davis, Dan Lawrence, John Schamp, G. F. Austin and Joseph Edwards.

City Attorney D. H. Fullerton is prosecuting the case, and Ryan and Elkins are attorneys for the defendants.

The jury retired to its deliberations at 11:45 a. m., had dinner and when court convened in the afternoon announced their verdict as, "Not guilty. W. H. Andrews of Emily was foreman.

## PUBLIC SPEAKING CLASSES

Every Junior and Senior in High  
School Receiving Education in  
Technic of Debating  
(Contributed)

The town has been much interested in the Public Speaking classes on Friday evenings. The high school is having somewhat similar meetings—a hundred and fifty strong, three times a day for three weeks. Every junior and senior has been having instruction in the technic of debating, as a background, and then practical experience in the application of that technic. Three times a day six students debate on some subject. It has been as interesting as watching the development of a new team from green players to experienced men.

Every day witnesses a growth in the ability to meet their opponents and let no point go unchallenged. Unsuspected talent and totally unexpected humor crops out with a flash—a good point is scored on the opposing team. Before the season is over, there may be as much excitement over a clever refutation of the opponent's pet project as over a basket shot when the score was a tie.

The school resembles a beehive. Everywhere are excited groups of three or six or even more getting points and authority for their debates. Every teacher has become a fount of wisdom and is quoted as saying that this or that is true. Frequently he or she is quoted by the opposite side as saying that the opposite has been very successful. Doctors, lawyers, merchants, chiefs are consulted and quoted. If Sheik Emmanuel were here, we are sure that he would be approached as to his opinion on whether the high school should have hockey team or credit be given for athletics, or girls be allowed to take manual training. Zeal is increasing and rivalry getting keener. Excited voices float out over the transom as Mr. Swanson rattles his keys at 5:45 and orders them sternly home.

When these class debates are over, there is to be a series of debates between the various classes, which will probably be for the class as a whole.

Faculty Surprised  
Last night the faculty met to mark department for the students and found a most delightful surprise in the form of mince pie and coffee made and served in the domestic science department. If the general public had even a taste of that pie, the cooking girls would be making mince meat until Christmas, and Miss Graham would be ordering in army lots.

## METHODIST MEN'S CLUB PROGRAM

The Monday evening Men's club of the Methodist church has a most promising program for next Monday evening at their 6:15 meeting. This organization of men is studying the church and its problems and is particularly seeking to find its place in the activities of the community.

Rev. Walenta comes from the rectorship of a large Institutional district of Philadelphia and is church in the industrial district of Philadelphia and is thoroughly conversant with the subject.

The church he served received the highest award of any church for institutional work at the council of Milan.

All men whether members or friends of the church are welcome at the meetings of the club. The only charge is the actual cost of the meal.

The Dispatch has just completed the new issue of the local directory for the Northwestern Bell Telephone Co., which H. D. Hoffman, Brainerd manager, will have in the hands of the subscribers by December 1st.

This issue is conceded to be the best one so far published. It contains a large number of changes and new patrons. New "faces" among the advertisers will also be noted, and the entire book carries a more metropolitan appearance than former numbers.

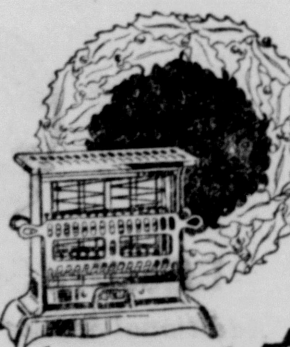

Mr. Hoffman particularly calls the attention of the public to the general instructions on the first two pages of the directory. It is pointed out that many unnecessary delays in putting through calls could be avoided if these simple directions were more closely followed.

New directories are published by the telephone company twice each year, on June 1st and December 1st. Any changes in numbers must be in the hands of the local officials thirty days previous to the date of issue to insure their being included in the directory.

If the new books are mailed early and reach the subscriber previous to December 1st, they are not to be used until that date, as a number of changes must be made in the local exchange in the meantime to conform with the new numbers in the book.

The Brainerd exchange of the Northwestern Bell Telephone Co., is continually striving to improve its service and request the public cooperation toward this end. Much can be done in this respect with both patrons and telephone employees working together.

The Brainerd High School Alumni Association will hold its annual reunion meeting at Elks' hall on the evening of Dec. 29.

This is the yearly get-together meeting and every alumnus should make a strong effort to be in Brainerd at that time to lend his or her presence to the occasion.

Your first Alma Mater should be your most cherished one, no matter to what heights you may have risen. Those golden days of youth were so laden with energy and fun-loving spirits that it can not help being a pleasure for you to recount them with your old school boy and girl friends.

Hundreds of our members are out of town but many of them return for the holidays. A partial list of the graduates will soon be published and other names will be added as they are handed to the secretary. Some of the class records have been lost but the list will be compiled with the aid of some of the resident instructors.

## BR INERD SCHOLARS BRING OFFERINGS

(Contributed)

On next Monday the children of the Brainerd schools will bring Thanksgiving offerings. This custom was inaugurated several years ago by Miss Louise Barrett principal of the Whittier school and has been continued ever since.

Giving is also a matter of education and it is a privilege for our school children to have the opportunity at this time not only to be reminded of what our ancestors celebrated in the first Thanksgiving, but of what cause they have to be thankful, for that measure of peace and plenty which they now enjoy in Brainerd in these United States, in comparison with the unrest and suffering of many parts of the world, and to be called upon to express their appreciation of this by giving. This in turn will cause more appreciation of the spirit of the day, among those of us who are suffering for the necessities of life.

The Thanksgiving offering this year should be even more liberal than heretofore.

The Business Women's club is a busy place these days, with curtains going up, an art club meeting in one corner, the Victrola singing away in another, while at the central table sits a hustling committee, getting ready for the big dance on Saturday.

There are always so many things to do for a big party—even an informal one. The table is piled high with heaps of shining color ready to decorate the hall. Boxes of other colors repose in a corner, scissors and fingers fly merrily and tongues wag as the last details are settled. If thought and foresight can make an event a success, the dance Saturday will be a happy time. They are planning on colorful decorations in every corner, peppy music, soft lights, a refreshment corner and many happy people to make it a to-be-remembered party. Even if you have to economize, you won't want to do it this week, but save it for some future date. You'll meet all your friends at the dance and have so good a time when all the flying confetti and shooting serpentine go madly about that you'll hate to go home.

## AT COURT HOUSE DECEMBER 19

Present Week is a Busy One in Farm  
Bureau Circles. Schedule of Gath-  
erings, Given

The Crow Wing Farm Bureau organization is planning on the program for their annual meeting, which has been set for Tuesday, December 19th. This meeting will be held, as planned now, in the farmers room at the court house, beginning at 10 a. m.

J. F. Reed, president of the state Farm Bureau, will make the principal address of the day. A big delegation of farmers from all over the county will be in attendance. Each family will bring a basket lunch, and Mrs. W. H. Gemmell with her committee is arranging to serve hot coffee and sandwiches.

This week is a busy one in Farm Bureau circles. Tuesday the Deerwood Unit met at the Guts Olander home. The county agent gave a splendid talk on alfalfa growing, and each farmer of the unit promised to put in at least one trial acre of this crop next season.

On Wednesday the Center Farm Bureau Club met at A. C. Taylor's near Mission. Mrs. Gemmell of Brainerd spoke on Child Welfare, and the county nurse explained the work of her office. L. R. Tanner and A. J. Hayes, representing the Rotary Club, attended this meeting, and gave excellent short talks on their organizations. A fine chicken dinner was served by the ladies of the farm club.

The Rabbit Lake Farm Bureau Unit met Thursday at the Christ Dehning home. County Agent E. G. Roth gave a soil testing demonstration and spoke on the subject of alfalfa. Each farmer in this unit pledged at the meeting that he would plant at least one acre of alfalfa, as did also the Center Farm Club this day before.

On Friday the Garrison-Roosevelt Unit met at William Treichler's farm. The subject of alfalfa growing will be brought up at this meeting, also, as it is hoped to interest every farmer in the county in the matter of growing this valuable crop for dairy cattle.

Saturday the Bay Lake Club meets at the Rutger school house. One of the features of this meeting will be the serving of a venison dinner by the Bay Lake Hunting Club.

It is regretted by members of these different units that the roads are not in better condition so that more Brainerd people would feel like attending. The farmers are always glad to welcome the town folks, and many of the citizens of this city have been making a practice of visiting the different units throughout the county.

## COLORFUL DECORATIONS ARE UP

Peppy Music, Soft Lights, a Refresh-  
ment Corner and Many Happy  
People

(Contributed)

The Business Women's club is a busy place these days, with curtains going up, an art club meeting in one corner, the Victrola singing away in another, while at the central table sits a hustling committee, getting ready for the big dance on Saturday.

There are always so many things to do for a big party—even an informal one. The table is piled high with heaps of shining color ready to decorate the hall. Boxes of other colors repose in a corner, scissors and fingers fly merrily and tongues wag as the last details are settled. If thought and foresight can make an event a success, the dance Saturday will be a happy time. They are planning on colorful decorations in every corner, peppy music, soft lights, a refreshment corner and many happy people to make it a to-be-remembered party. Even if you have to economize, you won't want to do it this week, but save it for some future date. You'll meet all your friends at the dance and have so good a time when all the flying confetti and shooting serpentine go madly about that you'll hate to go home.

## FARM BUREAU'S ANNUAL MEETING

J. F. Reed, President of State Farm  
Bureau, Will Make the Principal  
Address

## AT COURT HOUSE DECEMBER 19

Present Week is a Busy One in Farm  
Bureau Circles, Schedule of Gath-  
erings Given

The Crow Wing Farm Bureau organization is planning on the program for their annual meeting, which has been set for Tuesday, December 19th. This meeting will be held, as planned now, in the farmers room at the court house, beginning at 10 a. m.

J. F. Reed, president of the state Farm Bureau, will make the principal address of the day. A big delegation of farmers from all over the county will be in attendance. Each family will bring a basket lunch, and Mrs. W. H. Gemmell with her committee is arranging to serve hot coffee and sandwiches.

This week is a busy one in Farm Bureau circles. Tuesday the Deerpark Unit met at the Guts Olander home. The county agent gave a splendid talk on alfalfa growing, and each farmer of the unit promised to put in at least one trial acre of this crop next season.

On Wednesday the Center Farm Bureau Club met at A. C. Taylor's near Mission. Mrs. Gemmell of Brainerd spoke on Child Welfare, and the county nurse explained the work of her office. L. R. Tanner and A. J. Hayes, representing the Rotary Club, attended this meeting, and gave excellent short talks on their organizations. A fine chicken dinner was served by the ladies of the farm club.

The Rabbit Lake Farm Bureau Unit met Thursday at the Christ Dehning home. County Agent E. G. Roth gave a soil testing demonstration and spoke on the subject of alfalfa. Each farmer in this unit pledged at the meeting that he would plant at least one acre of alfalfa, as did also the Center Farm Club the day before.

On Friday the Garrison-Roosevelt Unit meets at William Treichler's farm. The subject of alfalfa growing will be brought up at this meeting, also, as it is hoped to interest every farmer in the county in the matter of growing this valuable crop for dairy cattle.

Saturday the Bay Lake Club meets at the Rutger school house. One of the features of this meeting will be the serving of a venison dinner by the Bay Lake Hunting Club.

It is regretted by members of these different units that the roads are not in better condition so that more Brainerd people would feel like attending. The farmers are always glad to welcome the town folks, and many of the citizens of this city have been making a practice of visiting the different units throughout the county.

## MANY RING CHAMPIONS LOSE CROWNS

By HENRY L. FARRELL  
United Press Sports Editor

New York, Nov. 25.—Ring champions had a tough year in 1922 and the road down through the coming year looks no less bumpy for the present title holders.

Johnny Buff headed the losers of 1922 by dropping both the flyweight and bantamweight titles; Jack Britton, after a long reign as welterweight champion, was deposed; Gene Tunney lost the light heavyweight crown and Georges Carpentier ended his regime as European heavyweight titleholder.

Among the present champions, only Pancho Villa and Jack Dempsey seem to be out of danger of dropping into the list of ex-champions in the next year.

Most of the critics agree that Villa, the little American flyweight champion, is the best boy at his weight in the world. It is generally believed that he will annex the world's title if he succeeds in coaxing Jimmy Wilde, the little Welshman, into the ring.

Villa's only danger is that he will outgrow the flyweight class but even at that his chances to annex the bantamweight championship in time from Joe Lynch are very good.

Dempsey's only great threat comes from Harry Whils or Tommy Gibbons. Beyond all doubt, the heavyweight champion will meet one or both of them before another year rolls around.

There is no denying that Willis is a very formidable opponent for Dempsey but there will be a lot of money laid that Dempsey will win from the big colored fighter.

Gibbons ought to make a good opponent for Dempsey. The disparity of weight is not a big factor. His chances against Dempsey are almost as good as those of Willis. Dempsey has always had trouble with a small, fast opponent.

By following the same tactics that have had them in bad for several years with the ring works. Johnny Wilson and Johnny Kilbane may succeed in holding their titles indefinitely, as long as they refuse to meet any opponents without getting the U. S. mint for their labors.

Kilbane is frank in admitting that if he separates from his title he wants a huge pile for doing it, but Wilson will not give his rivals a chance under any circumstances.

In as far as Wilson and the middleweight class is concerned, the attitude of the champion is a shame. He is making no money out of the title and yet he hangs on to it with the attitude of the dog in the manger.

Benny Leonard is another one on the books for succession in the next year. Leonard may not have gone back as far as is generally believed, but it is almost a unanimous opinion that he will never be as good as he used to be at 135 pounds.

Mickey Walker, the new welterweight champion, didn't get the credit due him for taking the title away from Jack Britton.

While he may not be the polished artist that Britton was, he is young, has a terrific punch and has enough intelligence to learn fast.

Joe Lynch is such an erratic performer that he is anything but a good bet to retain the bantamweight championship. Harry Greb may retain the light heavyweight championship as long as he stays from Tommy Gibbons and Gene Tunney and as long as he works with a referee who will let him get away with every foul in the book.
